

Let our doors do the talking.

**We are dedicated to sustainability, and we are always trying to reduce our carbon footprint. The impact we have on our environment is at the core of everything we do.**

This year we have made a change.

Saving paper is a high priority at XL Joinery, and printing on loads of paper does not fit in with our ethos of being sustainable and environmentally friendly. That is why we are proud to launch our first ever look book. A reduced version of our catalogue, printed on ethically sourced paper, yet still packed with beautiful doors and services.

## **Welcome**

Trends are ever changing but one thing we know will never go out of fashion is quality.

That's why we will only ever use the finest materials. We are proud to benchmark the industry standards. The quality of our doors are second to none, eclipsing 25 years of industry knowledge with outstanding craftsmanship, makes us a cut above the rest. Put simply, our doors are built to last.

For our first edition we hope to inspire you. Browse over our handpicked collections. Built to satisfy every project, we have encapsulated contemporary and traditional designs, in a variety of finishes.

Let us take your projects to new levels.

We've also included our much rivalled services and solutions. From room dividers and doorsets, to our professional paint and stain finishing service, you can rest assured that this compact brochure has everything you need to get started.

Elevating the functional to the inspirational.

# Our Oak Collection.

## Timeless strength and character.

Being brought right up to date with an entire range of adaptable designs, the warmth and durability of this iconic material has stood the test of time. We've showcased a mix of contemporary, traditional and cottage styles.

Some of our oak doors are available pre-finished, ready to be hung! Whereas others come ready to finish yourself, letting you add a touch of personality to your home.

## Contemporary | Cottage | Traditional

Contemporary living at its best, make a statement with our ever fashionable and on-trend oak doors. Go bold and choose our Salerno, with dominant curves and unusual woodwork. Or let the light flood in with our ever popular glazed Pattern 10 designs. We have picked some of our favourite doors that will act as a stand out feature, bringing a modern vibe to any interior.

# Our White Collection.

Totally timeless, it just works.

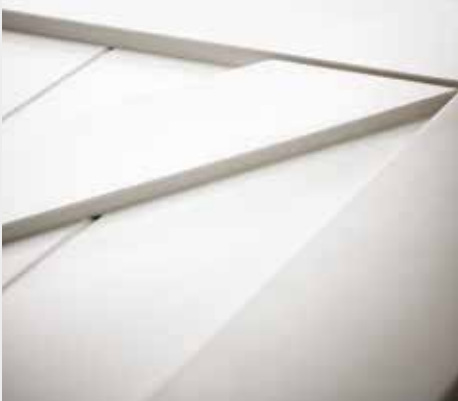

With crisp beauty and clean lines, our White Collection combines the appeal of contemporary minimalist, with the considered cleanliness of traditional designs. Whatever your style and wherever you live, our white internal doors will help create a sophisticated interior and a lasting first impression.

With a bright white, flawless finish, some of our white doors come ready to fit. Others require a lick of paint, allowing you to choose your own colour palette for a unique finish, complementing or contrasting your interior needs.

## Contemporary | Cottage | Traditional

Offering depth and dimension, our contemporary white range will bring to life any spaces that require a modern update. Go abstract, with our truly innovative urban designs, or stay simple and stunning, with a sleek look, and unparalleled style.

Easi-Slide

Oak Pattern 10 with Clear Glass - page 7

Our Easi-Slide system is a striking way to divide a larger layout, allowing for a number of unique configurations that will add functionality and transform your home. Each is available in a choice of Oak or White Primed, using the standard door sizes in our range.

The Easi-Slide comes with:

- Frame
- All sliding door hardware (excluding handle)
- Pair Maker

Product Description	Code	Size
Oak Sliding Door Frame - 2pcs (includes hardware kit)	OSLIDEF	3500 x 2090mm
White Sliding Door Frame - 2pcs (includes hardware kit)	WSLIDEF	3500 x 2090mm

Only available on 35mm thick doors.

Easi-Slide components are FSC® Certified.

The White Easi-Slide is double coated and ready for final finishing.

Please include the Pair Maker thickness in your frame width calculations (12mm).

Frames will need to be cut down on the height as well as the width as allowances have been made for different types of floor coverings.

If using obscure glazed doors, ensure that the glass is facing the correct way prior to fitting.

Our Free-Fold system provides the option to either fold or open all doors in the divider. The result is a large, open plan space which can be quickly divided to separate rooms. Available in Oak and White Primed.

# Bespoke.

Doing things differently.

For skilled joiners in years past, every job was bespoke.

Every project required something a little different. A new solution, or a challenge to be overcome with craft and ingenuity. In this era of mass production, it's important to remember that different doesn't mean difficult. Our people love different.

So if you need a width or length you can't see in our collection, let your local merchant or door retailer know.

Available on...

- All internal Oak doors (pre-finished and unfinished)\*
- All internal Walnut doors
- All internal White doors (panelled and glazed)

Covering...

- Standard doors (panelled and glazed)
- Fire doors (panelled and glazed)
- Door pairs (excluding fire doors)
- FD60 Fire Rating on some panelled doors

For information on designs and sizing, please talk to your local merchant or door retailer.

**Step 1:**  
Talk to one of our merchants or retailers and let them know what you are planning.

**Step 2:**  
We'll produce a CAD drawing for you to sign off.

**Step 3:**  
We'll manufacture your bespoke doors.

**Step 4:**  
We'll deliver, usually 12-14 weeks after sign off.

Due to manufacturing complexities some highlighted designs may not be available as a fire door option.

\*Please note that if a door is 1200mm wide it cannot be 2400mm high, and vice versa.

# Our External Range.

Enduring presence and stylish expression.

Be it a front door or side entrance, external doors set the tone for whatever style is to come inside. From contemporary linear styles to traditional, more conservative options, our External Collection has something to suit every property.

As external doors act as the first line of defence to a property, it is performance that matters above all else. That's why our doors are engineered from durable materials to ensure stability and fantastic performance, seeing the doors through the change in seasons for years to come. This selection features designs from Oak and MEDITE TRICOYA EXTREME wood materials. The superior technology behind MEDITE TRICOYA EXTREME wood is based on acetylation. It changes the elements in the wood to reduce the ability to absorb water, increasing its decay resistance and excelling its performance.
